- ✓ Artificial Sweetener free! *check!*
- ✓ We got rid of the peculiar taste of grain product. *check!*

Mother's Breakfast is

Super handy nourishing food which contains 123 kinds of Eastern and Western superfoods including Enzyme.

What does the Enzyme do?

The enzyme disassembles
all nutrients and helps you absorb them

in your body. But especially

It has high functioning

Carbohydrate decomposition capability

So it helps you to digest.

Because of the enzyme in Mother's Breakfast is
a fermented enzyme,

It is good for preventing adult diseases
such as hypertension, diabetes, and arteriosclerosis.

And also fermented enzyme facilitates metabolism.

All the machines are disassembled completely and cleaned by process. Strict Hygiene, Sanitation supervising.

'People wash their dishes every time after meal, shouldn't we do the same for food manufacturing machine?' This is our attitude for food business.

Philosophy of sanitation:

Clean food made in a clean environment. Philosophy of taste:

Slight difference in taste is not acceptable.

We promise automatic door to prevent foreign matter

Air shower booth clean working space
