Home-Shopping distribution in the digital era! It is not others' business any more, but yours.

If equipped only with offline distribution channels, you couldn't properly adapt yourself to the ever changing distribution environment.

For you NAMSUN GTL will be a guiding light with long time of experiences in a distribution business and specialty in a home-shopping business as a leader of the largest home-shopping market in the central area.

NAMSUN GTL has the best strategy to meet the demands from new digital distribution environment by securing the competitive advantage in human resources and networking to the accumulated know-hows in the home shopping business.

Main attractions of TV home shopping could be found in a surprising success, that is even products which unnoticed in off-line can gain popularity only if they perfectly fit in the concept of home-shopping as well as in a mass sales for a time.

We, NAMSUN GTL is leading the ON-LINE Market trend with Powerful on-line distribution channel.
