

ENGINE PROTECTION!

Used car engine in just 5 minutes

Restore it like a new engine.

“ACT-green7” being exported worldwide

ACT-green7

(Engine oil performance improving agent)

- ✓ Pass exhaust gas(smoke) by injecting “ACT-green7” in automobile (general inspection)
- ✓ Definite improvement in fuel efficiency, definite increase in output(power)
- ✓ ACT-green7 engine oil performance improving agent recognized by the world
- ✓ A company pursuing only the best

ACT-green7

ACT-green which is a resin type coating agent such as microresins & metal treatment restores the engine.

Green ACT World Co., Ltd.

www.greenact.co.kr

I came across an ACT-green7 product while doing business in Eastern Europe. ACT-green7 was introduced to me from James Oh, a nuclear physics doctor who worked at Germany (Berlin Research Institute), and after putting ACT-green7 into a car I was riding at the time and traveling 3,000 km from Germany(Frankfurt) to Austria(Vienna) several times, TEST was performed on ACT-green7, and as a result, it was confirmed that the fuel efficiency was improved, the output was increased, the noise was reduced, and the smoke was reduced, and then .

We operate 1 Korean distributor, 5 regional distributors, and 20 and then after returning to Korea to register the factory, I am currently operating 1 Korea sole distributor, 5 regional distributors, and 20 dealers.

In March 2021, we signed a joint venture agreement with Fuxing Hua Group in China (<http://www.hbcdl.com>) and are currently exporting to China and establishing a local factory, exporting to the countries around the world.

Air pollution from cars has become a major culprit for the fine dust. Carbon monoxide, nitrogen oxide, and hydrocarbon which are the class one carcinogens are fatal to the human body. The moment you inject ACT-green into the engine, your company will be happy, and you are a patriot who practices environmental protection.

- ✓ **ACT-green7 injection is the way to reduce fine dust by 70~90%.**
- ✓ **ACT-green7 injection is the way to pass the regular inspection.**
- ✓ **You who inject ACT-green7 are a hero who contributes to environmental protection.**
- ✓ **ACT-green7 injection is the way to protect your vehicle.**

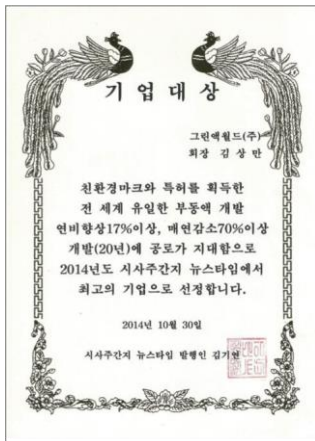

China Fuxing Hua Group executives and Chairman sang man Kim and ACT-green executives & employees

Exported ACT-green to Myanmar

Status of various patents, certifications and exports

Fuel efficiency test result by Ajou University (Dynamo) equipment

If my car has these symptoms!~

1. There is smoke and smell.
2. Engine oil consumption increased.
3. Fuel consumption increased.
4. The car doesn't go as it used to be.
5. I feel the need for car boring.
6. I want to increase the engine power.
7. I want to improve the engine.
8. I want to reduce engine noise.
9. I want to ride my car for a long time.
10. I want to drive comfortably and safely.

If 10 types of my car are applied, the oil additive solves..

How will this work happen in the world

(After injecting ACT-green7) Professor Young il Kim who conducted the test was very surprised to know a 17% improvement in fuel efficiency.

Buy with confidence.

If there is no effect, we will refund it 100%.

“ACT-green7” engine oil performance improving agent
Definite improvement in fuel efficiency, engine protection

- ✓ It protects your vehicle and improves fuel efficiency.
- ✓ You can drive happily with a definite increase in power.
- ✓ Pass exhaust smoke by injecting “ACT-green7”
- ✓ in automobile(general inspection)
- ✓ When it is hard to drive a hill, it is OK by injecting “ACT-green”.

“Engine Protection”

**We will restore the
used car engine
like new engine
in just 5 minutes.**

Noise reduction
Power increase
Exhaust gas reduction
Improvement
in fuel efficiency
Engine protection

We will restore the used car engine like new engine in just 5 minutes.

It has been proven to improve fuel efficiency, reduce exhaust smoke, increase power, and reduce noise while protecting the engine.

The moment you inject ACT-green7, you will be happy, and you will be blessed.
