Making every single material
TOP-NOTCH

109

Carbon Hardshell

Manufactured directly from Factory M using Toray Carbon Fiber.

Vegetable Oil Pull-Up Leather

Used Elbamatt oil pull-up leather of Tempesti, a tannery of VERA PELLE.

Waxed Canvas

Used double paraffin-coated canvas of Japan Fuji Kinbai.

Alcantara

Used Alcantara of Itlay, the environmentally friendly and highly functional material.

Factory M Carbon Bag Project

Factory M Carbon bag is crafted with combination of cutting edge and traditional materials.

Style, function, and aging—

You can take the carbon bag 109 both in leisure and in everyday life. Even in your lifetime.
