#Main Ingredients

Antioxidant components widely distributed in European alpine regions such as the Alps.

Plant stem cells contained in 5 daily ampoules '**Edelweiss Callus Culture Extract**'

Leontopodium Alpinum Callus Culture Extract

Efficacy effect

Prevention of Skin Oxidation: known to be twice as good as vitamin C.

Anti-aging, skin protection effect : Bisabolane, Chlorogenic acid, Sitosterol,

Substances such as Tannin protect skin from the sun and help prevent aging.

Manufacturing process of plant callus

Edelweiss seeds germination under sterile conditions

Induce callus by transferring germinated plants

Liquid culture in the reactor

Cultivate in bulk.

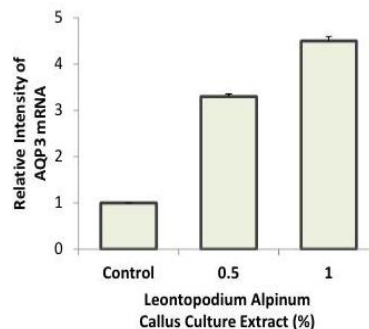

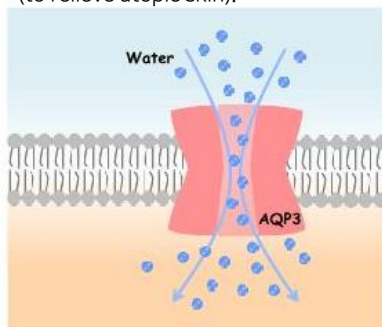

Extraction

Harvesting, Freeze drying

Aquaporin3 (Aquaporin3, AQP3)
It acts as a channel for water/glycerol and is closely related to moisturizing as an important protein that transmits water into the cell.
(to relieve atopic skin).

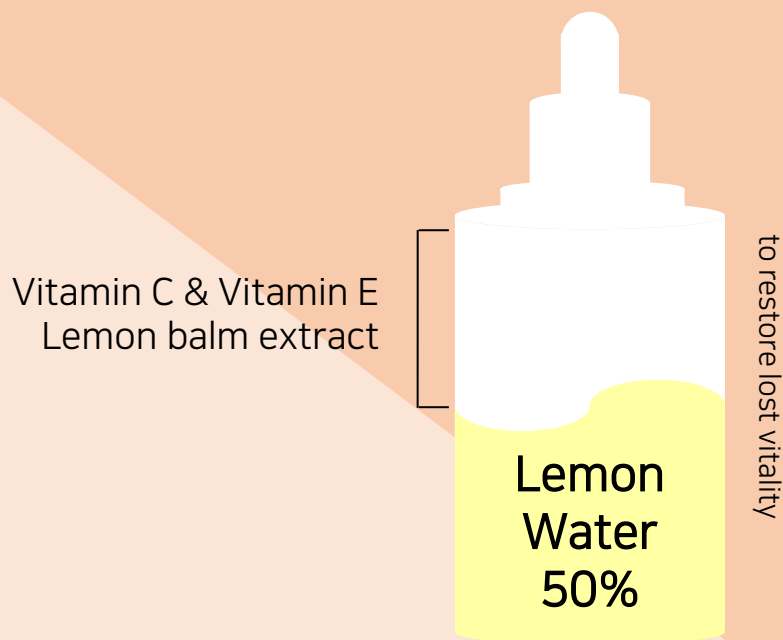

It was confirmed that Edelweiss callus culture extract increased the expression level of aquaporin 3 related to moisturizing.
