Study Result

In this clinical study on the "investigational products: mineral water containing moisturizer (Dr. Deep Multi Emulsion) and mineral water containing soap (Atodeep soap)" provided by Mineral House Co., Ltd., the subjects showed statistically significant improvements in EASI score from the first assessment of effectiveness and also in the objective measurements with a corneometer from the second assessment of effectiveness. Furthermore, the subjective assessments of IGA and pruritus VAS from the second assessment of effectiveness showed statistically significant improvements. Even though some subjects showed irritation reactions during the clinical study, they were mild and temporary.

Dr.Deep _ Product feature

Mineral

What is Mineral?

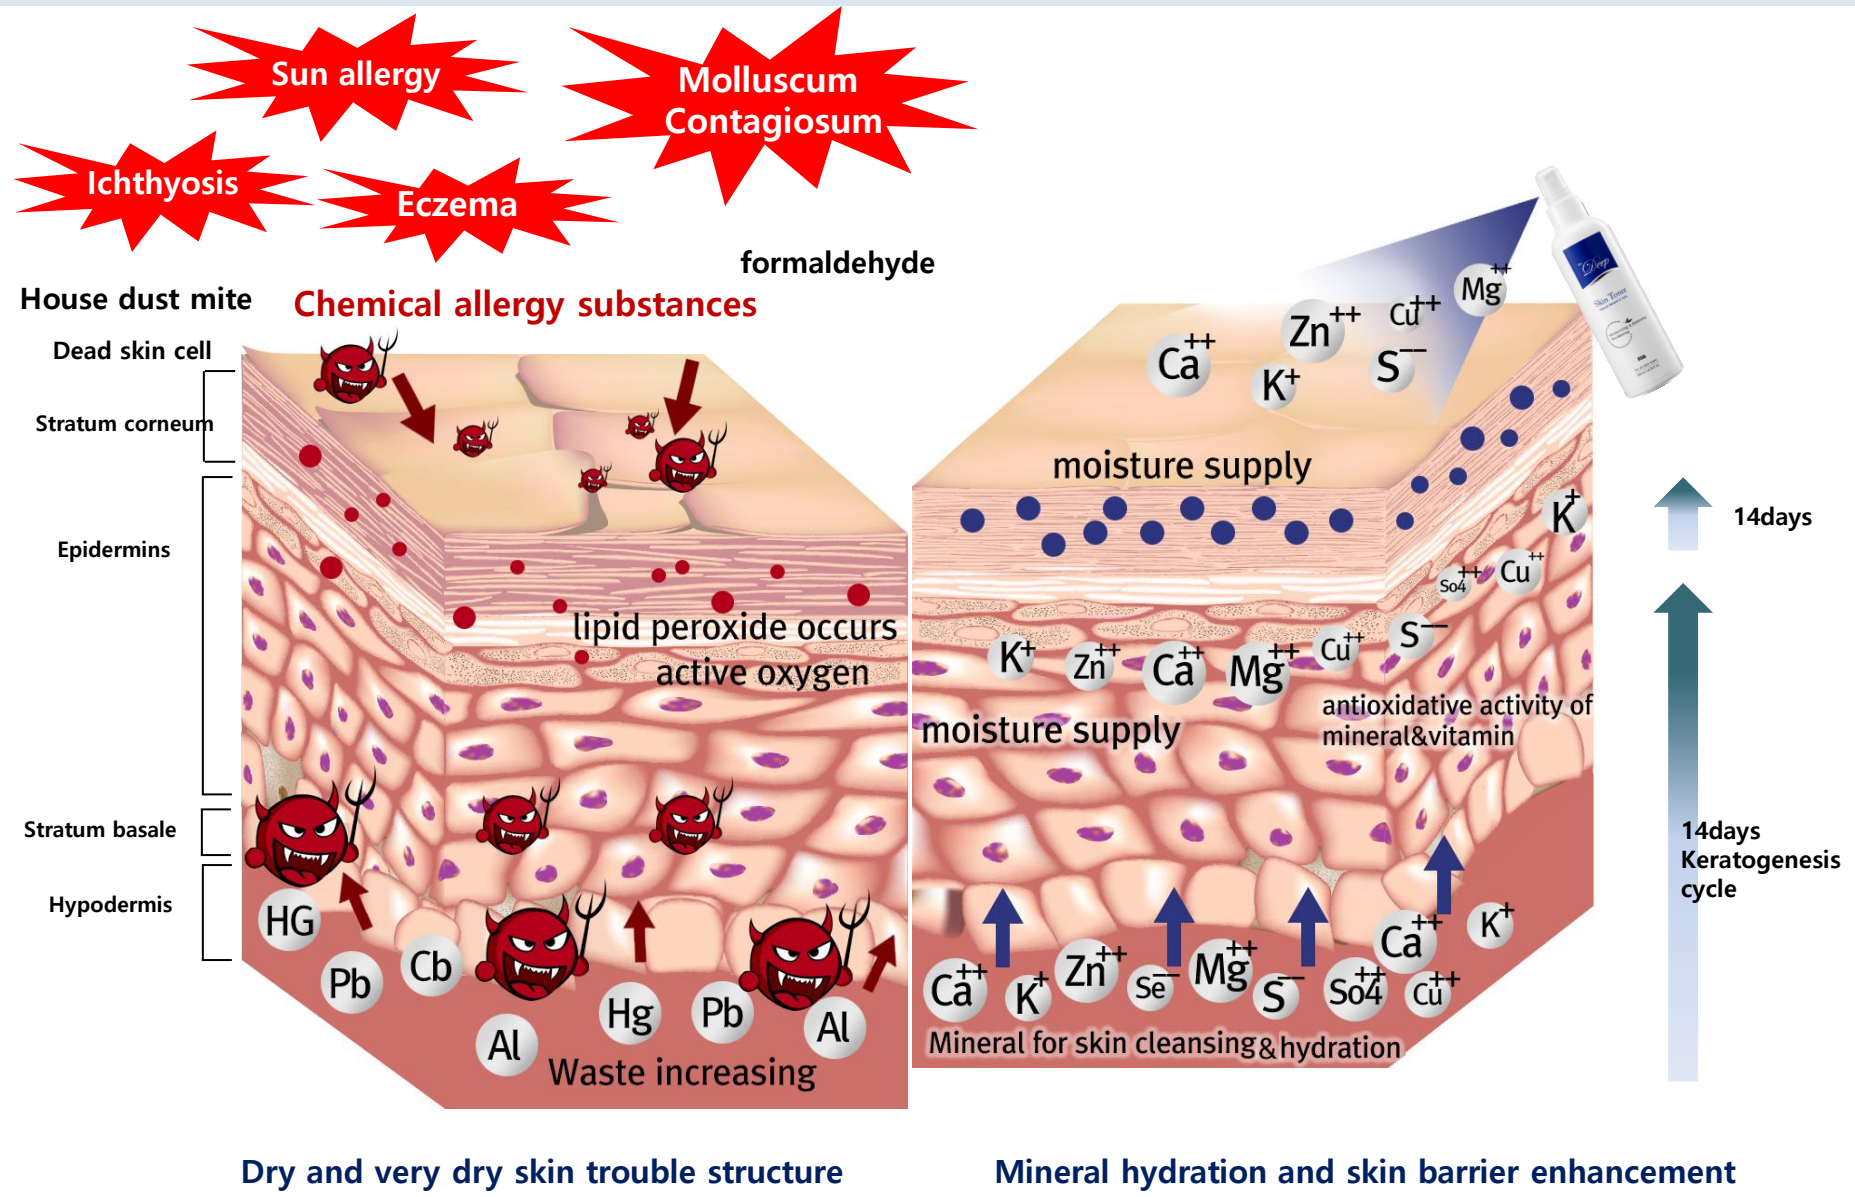

- Mineral plays an important role in enhancing the activity of the skin, emitting toxins such as heavy metals accumulated in the human body.
- The ions in the state of mineral protects the skin's moisture by strengthening natural moisturizing factor of the skin (NMF).

<Mineral Content Comparison>

Calcium	Ca	Strengthens the skin barrier and activates skin moisturizing factor
Magnesium	Mg	Enhances the skin barrier by involving in skin regeneration and soothes trouble by regulating sebum secretion in alliance with calcium
Potassium	K	Controls water balance and pH in the body and affects toxic waste emissions
Copper	Cu	Affects the skin elasticity with zinc and vitamin C
Sulfur	S	Helps delay cell aging due to its contribution to Nature's 'Beauty Mineral', collagen formation
Zinc	Zn	Helps to prevent acne, and promotes skin elasticity and wards off hair loss by aiding protein synthesis and collagen formation
Manganese	Mn	Involves in skin regeneration and helps to increase skin immunity

Dr.Deep's Product _ The effect of Ion Minerals

Herb**Dr.Deep's Herb: Natural cosmetics uses natural ingredients**

Greatly working with natural mineral, Herb not only makes the body and mind comfortable and clear but also supplies vitamins to the skin and serves as moisturizing and soothing function.

**Lavender**

쌍둥이 신생아 태열...withkimkr님

155일째 되어가는 쌍둥이맘입니다.
스무딩 젤로 진정시키기만 하다가
멀티에멀전을 추천받아 사용해봤더니
발림성도 좋고, 목 부분에 있던 트러블이 없어
지더라구요.

100일 지나서부터 **좁쌀같은 태열**이 조금 나서
처음에 샘플을 사용했는데 그 다음 날 아침에
좋아져서 계속 사용하게 되었습니다.

이유식을 시작하면서 **침도 많이 나와서**
자주 발라줬더니 많이 좋아졌답니다.

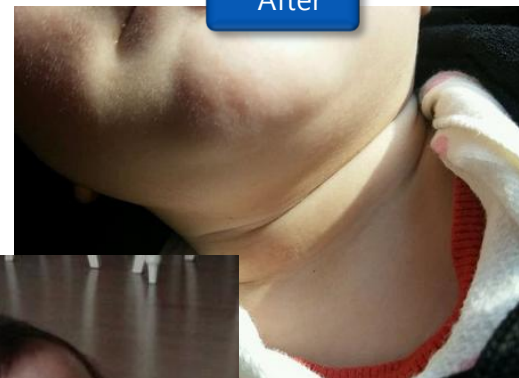

온 가족이 같이 사용할 수 있어서 넘 좋아요~
지금까지 꾸준히 매일 목욕시킨 뒤 사용하고 있
답니다.
