BOPP BAG (Multicolor Printed Bag)

NGU offers up to nine colors printed BOPP laminated PP woven bags which are precisely manufactured using the highest quality raw materials.

Animal feed / Pet food

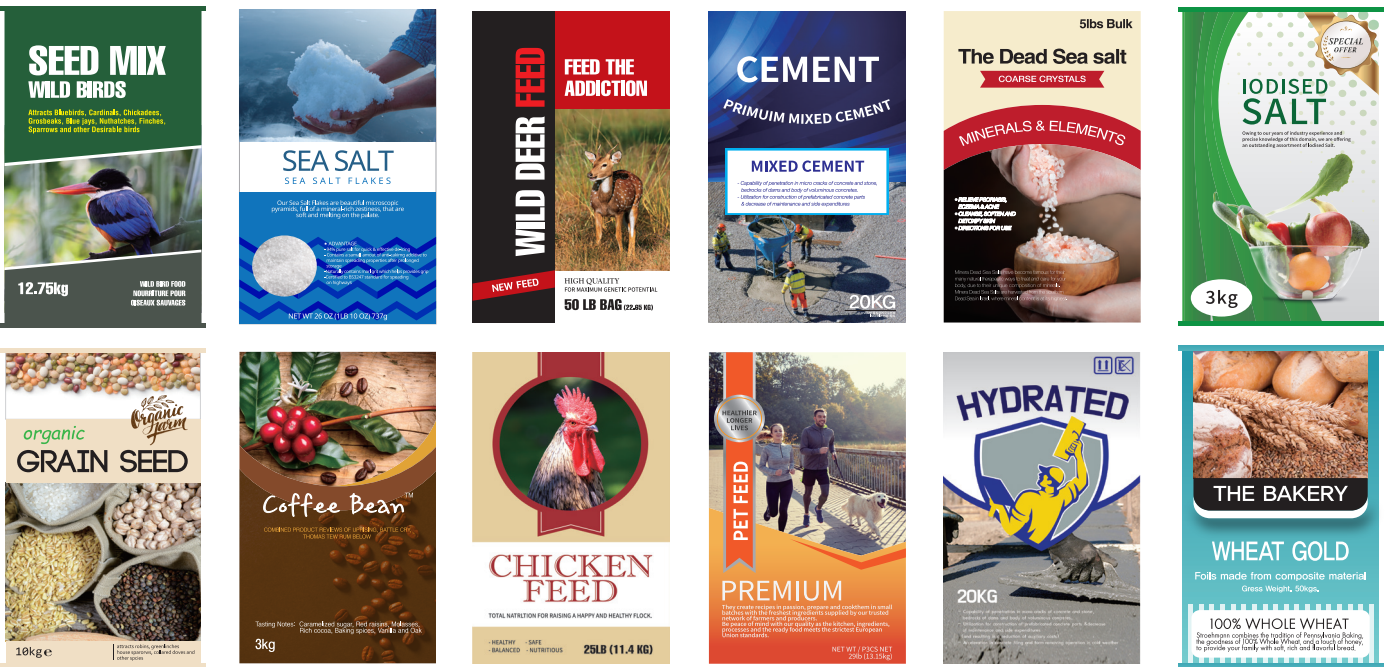

Grain / Fertilizer

Seed / Food products

Various BOPP bag

BOPP SHOPPING BAG (BOPP+WPP / BOPP+NWPP)

NGU provides reusable high quality multicolored and multifunction shopping bags. These are eco-friendly, economical and customizable in print, color, feature, size and material.

FIBC (Bulk Bag / Jumbo Bag)

FIBC or Bulk Bags are used in loading and transporting flowable bulk products. We supply high performance and high quality bulk bags at a reasonable price. We supply single use and reusable bulk bags in any standard configuration.

Container liner

To deliver food and hygiene sensitive items safely, container liners offer secure protection from moisture and contamination.

Flexitank

Flexitank is a great option for secure storage and transportation for non-hazardous chemicals, oils, fuels and latex.

PE FILM / PE FILM BAG

Manufactured as a tube, this type of bag has excellent tensile strength with color prints. PE Bags have many applications such as chemical products, feed, fertilizer, food, etc. Customize this bag to suit your needs with color, shape and size. These bags can also be fitted with food grade one way valves for moisture sensitive products such as food, frozen fish and coffee. We also offer multi layers bags with opaque layer for UV sensitive products.

TARPAULIN (Covers)

Tarpaulins or Tarps offer all season water and UV proof protection. These Tarps, made of polyethylene, have many versatile uses. From sports, camping, agriculture, air dome, water tank and much more. The customized items are welcomed.

PALLET WRAP FILM

Pallet wrap or stretch film is sold for hand use or machine use in many thicknesses, widths and lengths. We also offer specialized multilayer pre-stretch and many colors for easy product identification. We have the highest quality stretch film offered at 33 layers and 5.5 micron, while still offering standard 8 micron to 18 and extra thick 28+ micron films.

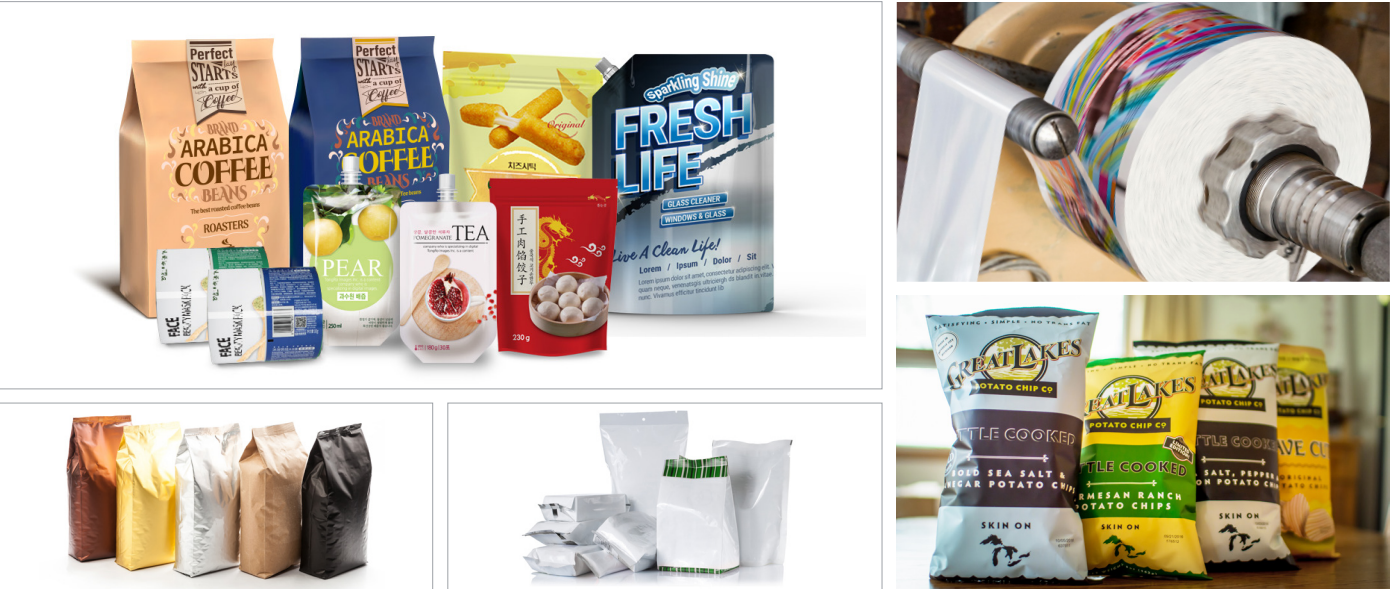

PVC FOOD FILM

Our PVC food wrap film or cling wrap is safe for food contact. It is specially formulated for best performance and barrier characteristics. Food wrap comes in 3 standard sizes and can be offered with printed dispenser carton for home use. Commercial/Catering roll sizes are also available.

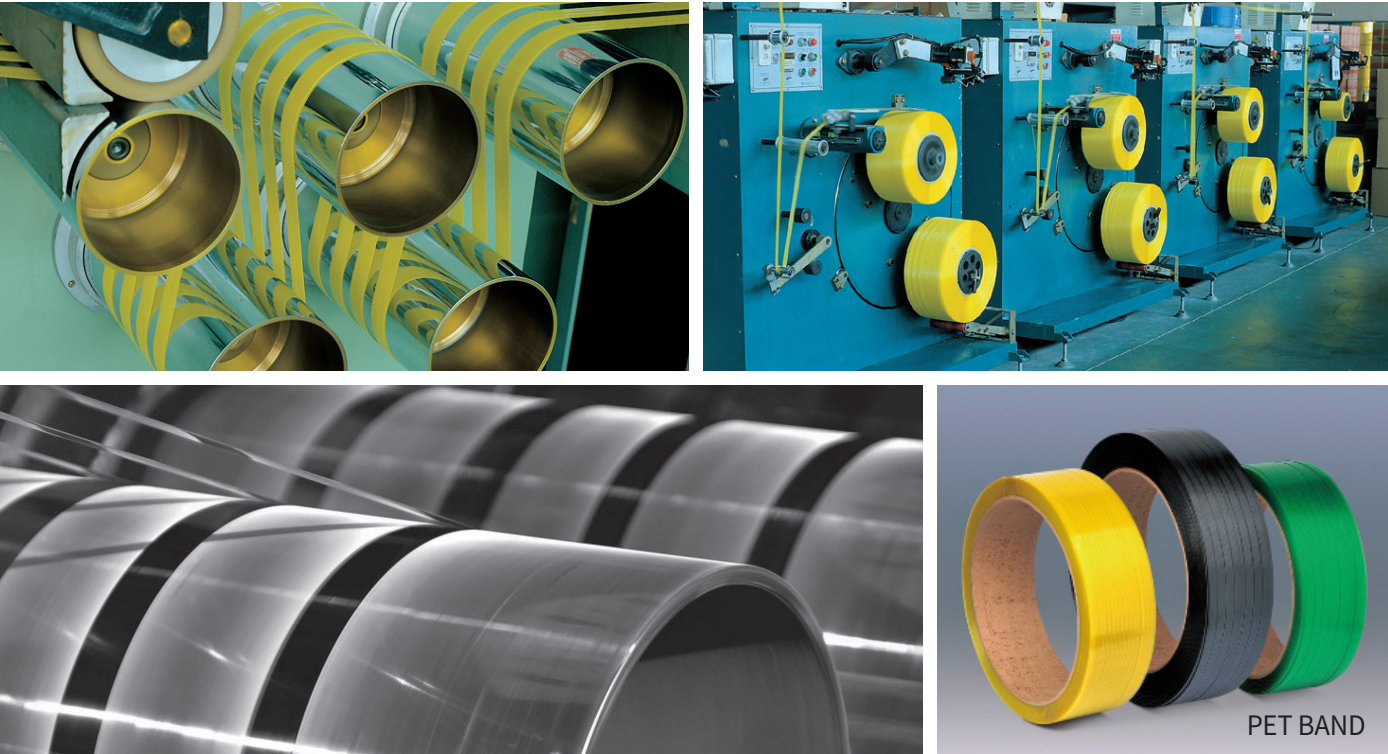

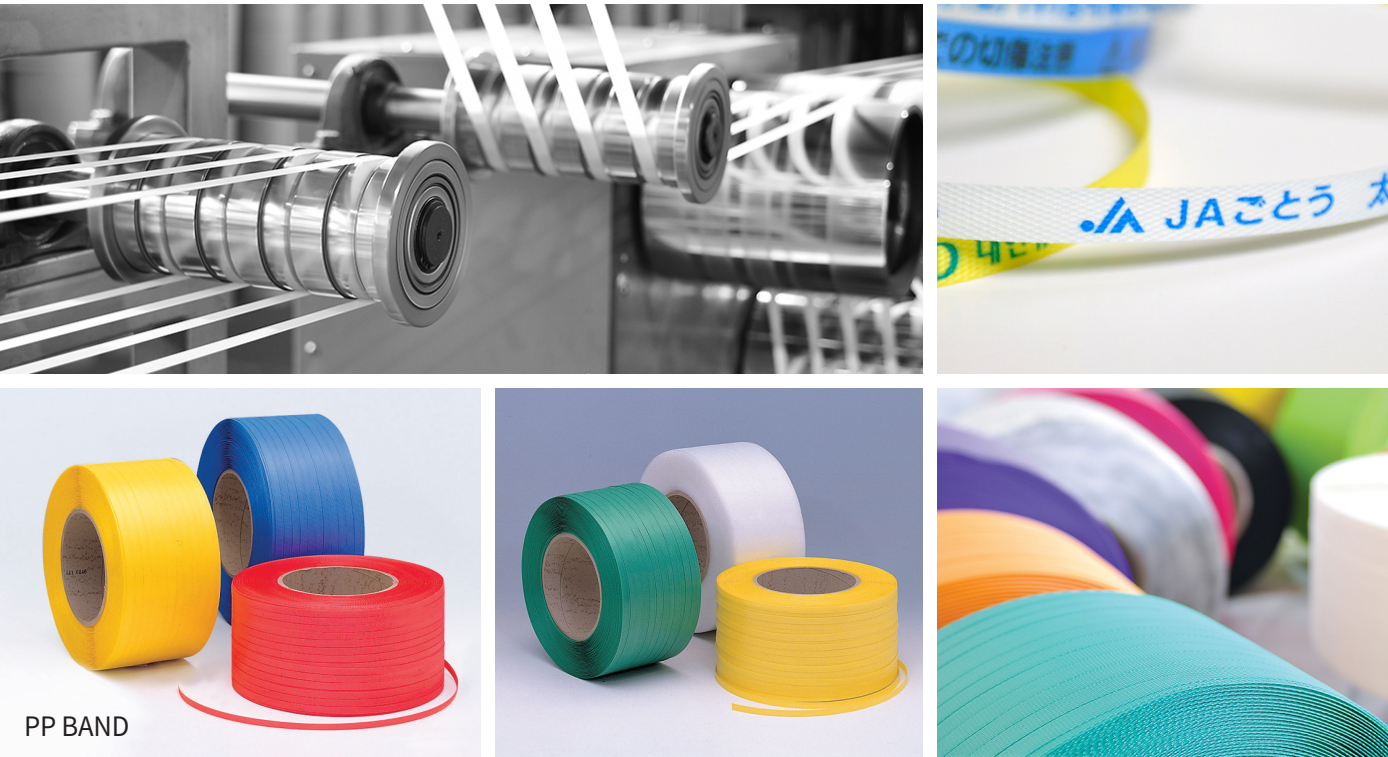

FLEXIBLE PACKAGING

NGU offers many types of flexible, multi-layered packaging solutions. From standard heat sealed bags to stand up zipper pouches, film roll stock for automatic filling.

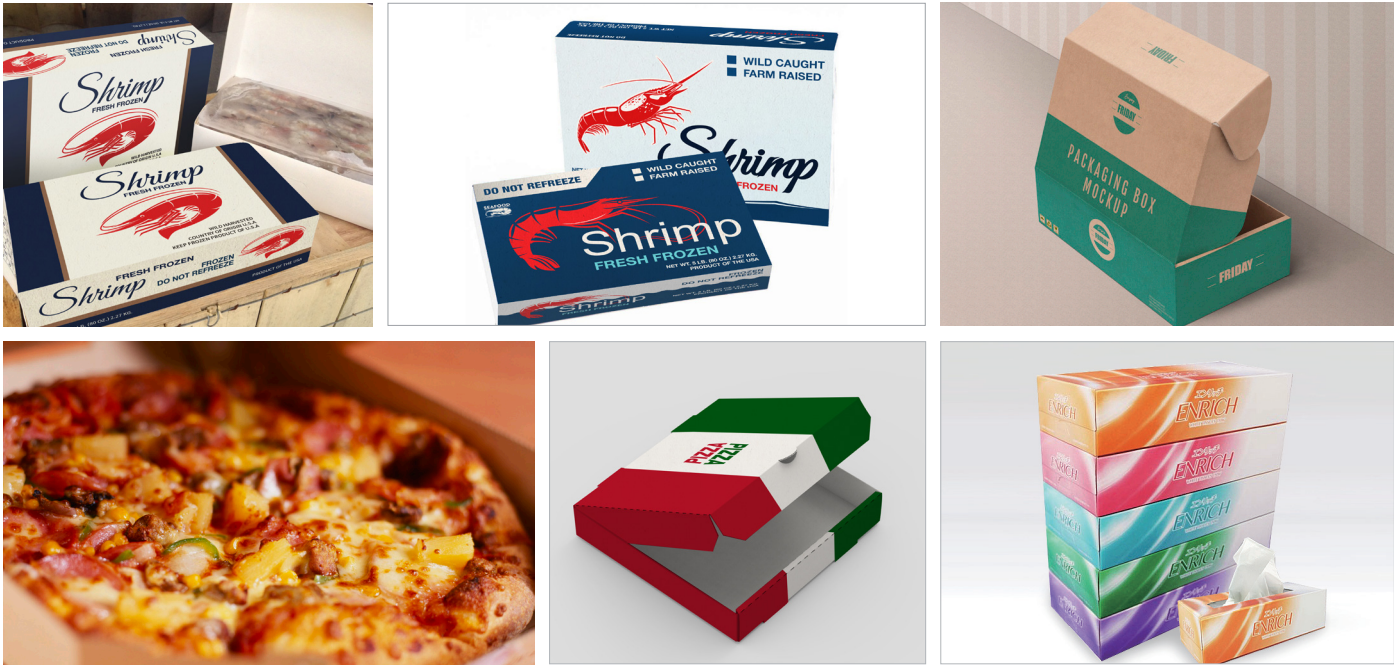

PP / PET STRAPPING BAND

NGU supplies wide variety of strapping/banding solutions. PP strapping for light weight to medium weight packages, cartons and PET banding for pallets are heavier and durable in use. We offer a variety of colors and widths form manual to automatic application. We also offer printed band to enhance advertising and recognition.

FOLDING CARTON

Our carton box collection ranges from heavy duty triple walled to delicate chocolate boxes. We offer complex four to six corner cartons and five layers box construction complete with food coatings and high appeal laminates. Whatever you can imagine, NGU will make it happen.

CORRUGATED BOX

Corrugated boxes are so customizable. Whether you need a lighter box to help cut down on shipping costs or a carton made out of a thicker board grade to provide additional protection, there is a style of box that is right for your product.

NGU BUSINESS GROUP

Food and Food Additives Business

Food additives are prepared for a specific purpose and bring food product up to top-notch quality.

NGU offers a range of food additives widely used in confectionery, food industries, processed marine products, toothpaste, cosmetics and medicine. CRYO is a mixture of sorbitol, sugar and phosphate in an optimal ratio. CRYO maintains freshness, adjust dampness and ultimately improves taste and texture. Our food additives that meet food safety standards can be customized your specific needs.
