**ABOUT**

# Paper pan cap

**1.**

---

It prevents oil from spattering when cooking in a frying pan so that you can use it cleanly and easily.

**2.**

---

It prevents food from being soggy and reduces smoke and the smell as water vapor which comes out from cooking is released through a steam hole on the top.

**3.**

---

You can use it with an easy mind as premium environment-friendly wood paper without being worried about toxic ingredients and environmental pollution.

**4.**

---

Designs that you want can be printed.
