Has become a necessity for life

A disposable mask

-
-
-

ITEM : MASCOOL M

FACT CHECK

vol.1

A disposable mask that is commonly used.

What makes you uncomfortable?

A fresh mask that complements these shortcomings

Here it is-!

COOL MASK MASCOOL

FACT CHECK vol.2

Q. You said it is a cool mask, is it easy to breathe?

“ Mascool is simply a refreshing mask with a ventilator. ”

Mounting the external air backflow prevention pad through the ring on the backside of MASCOOL.
(Silicon pad detachable.)

Ventilator releases carbon dioxide, humidity, and heat inside the mask by air circulation, make you easier to breathe and keep a pleasant state inside the mask and also no fogging on your glasses.

ITEM : MASCOOL M

Q. I'm wearing glasses. Just wear a mask, I can't see the front. Isn't it damp?

Mascool effectively releases humidity and heat.

“ Would you like to see the photos taken with the thermal imaging camera below? ”
