## HOME&HOME SELF HAIR DYEING MACHINE

**Self Hair Dyeing Machine for home use that does not leave dye stains on your hands or skin**

This Self Hair Dyeing Machine allows you to dye your hair easily and quickly without staining your hands. Just put in the dye, comb your hair while pressing the button. This product has been awarded with the 2016 Hi Seoul Hairdressing Award, Excellent Good Design award, Korea Invention Promotion Association Idea Gold Award, Hit500, and has registered patents in China and Korea.

This automatic self hair dyeing machine has a fine-tooth comb and helps you dye your hair easily and quickly without staining your hands. Just put in the dye and comb your hair while pressing the button. Combining the Korean fine-tooth comb and an ultra small motor, this product automatically blends the dye and sprays it out between the bristles of the comb with just a push of a button.

This not only prevents spillage of the dye, it also ensures an even application of the dye. This product has been awarded with multiple awards and patents, such as an excellent design award, an invention presidential idea award, and patents in China and Korea.
